

Visit Canada's Sports Hall of Fame with your class, through the EQUAL ACCESS TO SCHOOL PROGRAM, sponsored by RBC Foundation. Apply today!

Canada's Sports Hall of Fame offers five bilingual education programs that are theme-based and directly linked to the Alberta curriculum. With the generous support of the RBC Foundation, Canada's Sports Hall of Fame is implementing the 'Equal Access to School Program'. This new program is aimed at providing students from lower-socio-economic backgrounds throughout Southern Alberta with access to Canada's Sports Hall of Fame's Education Programs through subsidized admission and transportation costs.

If you have a class lacking in the financial resources to access Canada's Sports Hall of Fame's Education Programs, please apply using the attached application. The application deadline is February 29th, 2012. This form can be emailed to programs@cshof.ca or sent by mail.

A random draw of all complete and eligible applications will be made to select the successful classes. Teachers of the selected classes will be contacted and informed by email or phone within two weeks of our deadline.

If you have any additional questions, please visit our website at www.sportshall.ca or contact the Manager of Education and Programming at (403) 776-1059 or at programs@cshof.ca.

Education Program Background:

Canada's Sports Hall of Fame Education Programs are designed for groups from Kindergarten to Grade 12 and connect to specific subjects from Language Arts, to Fine Arts, Social Studies and Physical Education. Honoured Members and athletes profiled in the exhibits have shared their amazing stories and provided personal insight into how they aspired to become involved in sport. Over 600 stories are profiled and students are given the opportunity to experience hands-on learning with original artefacts and participate in interactive exhibits such as our rowing machine and ski jump simulation.
